Change Password

The default 'pi' user account currently has the password 'raspberrypi'. It is strongly recommended that you change this to a different password that only you know.

Enter new password:

Confirm new password:

Welcome to Raspberry Pi

Setup Complete

Your Raspberry Pi is now set up and ready to go.

To run applications, click the raspberry icon in the top left corner of the screen to open the menu.

Press 'Restart' to restart your Pi now so the new settings will take effect, or press 'Later' to close the wizard and restart the Pi yourself.
